Further Information: https://ak-awra.org/student_undergrad.html

DETAILS

Please submit the following scholarship documents for evaluation:

- Cover Letter (up to 5 pages) describing the following:
 - Relevance of the student's curriculum to water resources
 - Summary of coursework pertaining to the subject area of water resources (i.e. earth/environmental science, ecology, geology, engineering, GIS, water/sanitation/public health, etc.)
 - Schedule for completion of degree program
 - Statement of how scholarship funds will support academic goals
- Two letters of reference, including telephone numbers and email addresses
- Academic transcripts (do not need to be official)

To be given full consideration for the 2022 award, all documents must be received by April 1, 2022.
